**RELEASE OF INFORMATION**

**TO PARENTS OF HIGH SCHOOL ATHLETES**

Many times college coaches request information on high school athletes in order to determine if they are eligible for scholarship assistance. District policy restricts the amount of information we may release on a student without parental permission. To accommodate coaches and to support your child in applying for scholarship aid, we would like to be able to share information about your child when the coach visits the school. Since it is impossible to secure written parental permission on short notice, we are making available a blanket release. The purpose of this release is to allow us to release to bona fide college coaches the following information about your child:

- Name and Address, Birthdate, Social Security Number
- Parent/Guardian Name and address
- Telephone
- Courses taken in grades 9 - 12 and the grades/credits earned.
- Academic standing and transcript
- Number of credits earned
- Graduation date
- PSAT/SAT/ACT College Admission Scores
- Other standardized test scores

**NOTE:** Individual psychological tests will not be released without additional written permission.

**PARENT RELEASE**

If you wish to make this information readily available to college coaches, please sign below. **This release is valid for the entire time your child is in high school.**

I, parent or guardian of \_\_\_\_\_, give permission for the school to release to bona fide college coaches the above described information on my child. It is my understanding that the college coach must place his/her request through the district coach or counselor who will authorize this release.
